ATTACHMENT - STATEMENT 1

The Company paid on Monday 14 July 2014, a special dividend of US\$2.93 (174.9 pence) per each ordinary share outstanding as of Monday June 30, 2014. The Company consolidated its shares in order to broadly maintain comparability, as far as possible, of the share price before and after the payment of the special dividend.

The effect of the share consolidation was that shareholders on the register at the close of business on Monday 30 June 2014 received **12 new ordinary shares for 13 existing ordinary shares** and in that proportion for any other number of existing ordinary shares then held. The proportion of the total issued share capital of the Company held by each shareholder immediately before and following the share consolidation, save for fractional entitlements, remained unchanged. Apart from having a different nominal value, each new ordinary share carries the same rights as set out in the Company's Articles of Association that attached to the old ordinary shares.

Shareholders whose holdings of old ordinary shares that could not be consolidated into whole numbers of new ordinary shares were left with a fractional entitlement. New ordinary shares representing the aggregated number of such fractional entitlements were sold in the market on Tuesday 1 July 2014 for an average price of 2416.616 pence on behalf of the relevant shareholders. The net proceeds of the sale, after the deduction of the expenses of the sale, were paid in due proportion to the relevant shareholders on Wednesday 9 July 2014. Shareholders who held only one ordinary share received only cash.

For further information regarding the special dividend and share consolidation, please see the Shareholder Circular and Notice of General Meeting at
