The Board notes that 25.15% of shareholders voted against the Directors' Remuneration Policy (DRP) (Resolution 2) and 23.06% against the 2022 Directors' Remuneration Report (DRR) (Resolution 3).

The Remuneration Committee Chair's statement accompanying the DRP contained the background and rationale for the updates to the DRP. The DRR included a detailed narrative on the Remuneration Committee reasoning and considerations in the determination of the 2022 Executive Director pay outcomes.

The Board recognises that there exists a range of views across the shareholder base in relation to the approach to Executive Director pay.

In late 2022 and early 2023, the Remuneration Committee consulted extensively with shareholders and the major proxy agencies on the key features of the DRP and the decisions in relation to 2022 pay outcomes. The consultation included engaging with around 60% of the ownership of the Company. All of IHG's 10 largest shareholders voted in support of the DRP; of IHG's 25 largest holders, there were only 3 who voted against.

The Board will engage further with ISS and shareholders who voted against these resolutions in the coming months in accordance with the UK Corporate Governance Code. As part of this process, the Board will seek to understand more about the reasons behind the ISS recommendation and shareholder votes against the DRP and DRR. An update will be provided within six months of the 2023 Annual General Meeting.
