

This document, which comprises supplementary listing particulars relating to New InterContinental Hotels Group PLC (the "Company") should be read in conjunction with the listing particulars relating to the Company dated 3 May 2005 (the "Listing Particulars"). Words and expressions defined in the Listing Particulars shall have the same meaning when used in this document unless the context requires otherwise. This document has been prepared in accordance with the listing rules made under section 74 of the Financial Services and Markets Act 2000 and has been delivered to the Registrar of Companies in England and Wales for registration in accordance with section 83 of that Act.

The Directors, whose names appear on page 4 of the Listing Particulars, accept responsibility for the information contained in this document. To the best of the knowledge and belief of such persons (who have taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

Application has been made to the UK Listing Authority for all the New Ordinary Shares to be admitted to the Official List and will be made to the London Stock Exchange for the New Ordinary Shares to be admitted to trading on the London Stock Exchange's market for listed securities. Subject, among other things, to the passing of the relevant resolutions to be proposed at the Court Meeting and the Extraordinary General Meeting to be held on 1 June 2005, it is expected that such Admission will become effective, and that dealings in the New Ordinary Shares will commence, at 8.00 a.m. (London time) on 27 June 2005. As part of the Proposals, American Depositary Shares (each representing one New Ordinary Share) will be issued and evidenced by Company ADRs. Application will be made for the Company ADSs to be listed on the New York Stock Exchange and, subject to fulfilling the listing requirements of the New York Stock Exchange, dealings in Company ADSs are expected to commence at 9.30 a.m. (New York time) on 27 June 2005.

No New Ordinary Shares have been marketed to, nor are any available for purchase in whole or in part by, the public in the United Kingdom or elsewhere in connection with the admission to the Official List. This document does not constitute an offer or invitation to any person to subscribe for or purchase any securities in the Company or any other entity.

PART II
FIRST QUARTER RESULTS OF THE GROUP TO 31 MARCH 2005

26 May 2005

InterContinental Hotels Group PLC
First Quarter Results to 31 March 2005

Key Highlights

- Hotels operating profit increased from £46m to £65m, despite the typically weak Easter trading period falling in March, versus April in 2004. This increase includes a £15m benefit from no depreciation being charged under IFRS on assets held for sale.
- Hotels managed and franchised profit increased 9% from £53m to £58m.
- Group operating profit increased from £51m to £76m.
- Adjusted earnings per share increased from 5.7p to 7.5p.
- RevPAR increased 6.8% across the group. Americas and Asia Pacific saw strongest, primarily rate-driven, growth.
- System size grew by 1,000 rooms with 8,500 rooms opened. 12,000 new rooms signed, taking pipeline to a record 85,300 rooms, 16% of current system size.
- Further progress on hotel assets disposals, including sale of Crowne Plaza United Nations for \$34m announced yesterday. Sale of UK estate completed and £960m further cash proceeds received, taking sales completed to £1.8bn to date.

Commenting on the results, Andrew Cosslett, Chief Executive of InterContinental Hotels Group PLC said:

“We have made a positive start to the year. Our asset disposal programme is progressing well and RevPAR in each of our regions is up year on year. We have seen many encouraging performances across our portfolio including Holiday Inn in the UK, and InterContinental, Staybridge and Candlewood Suites in the US. Priority Club Rewards, our loyalty scheme, continues to grow, as do bookings made through our reservations systems, increasing our delivery to our owners and franchisees. I believe we have many further opportunities to build the business on this solid base.”

International Financial Reporting Standards (IFRS)

This is IHG's first accounting period under IFRS. Before significant non-trading items, IFRS earnings from continuing operations for the quarter do not materially differ from earnings under UK GAAP. However, under IFRS no depreciation is charged on assets held for sale. In the case of IHG's disposal programme this represents a £15m saving in depreciation in the quarter.

Americas

RevPAR grew 7.6% in a strong market, mainly driven by rate growth. Corporate group business was particularly strong. InterContinental and IHG's extended stay brands continued to outperform their market segments. The Holiday Inn brand family maintained a significant RevPAR premium to their market segments in the period.

Operating profit increased 35% from \$62m to \$84m, including an IFRS \$7m depreciation benefit from assets held for sale. Improved profitability was driven by RevPAR and margin improvements across the business. InterContinental properties performed well, particularly those hotels in New York, Miami and Buckhead, Atlanta, which opened in November 2004 and is beating management expectations. Profit from managed hotels increased significantly, driven largely by the performance of InterContinental, Staybridge and Candlewood Suites. Franchised business profit saw gains through RevPAR increases and a higher level of fees from franchise sales, with 9,400 rooms signed in the quarter versus 5,200 rooms in Q1 2004.

EMEA

RevPAR grew 3.1%, with performances varying across different markets. In the UK, Holiday Inn RevPAR grew 5.2%, outperforming the market. Growth was driven by a higher level of business travel and a favourable guest response to recent management initiatives. RevPAR in Continental Europe was flat, although the InterContinental brand experienced some growth, led by InterContinental Le Grand Paris.

Operating profit increased 63% from £16m to £26m. This includes an IFRS £11m depreciation benefit from assets held for sale offset by the negative impacts, totalling approximately £5m, from the refurbishment disruption at the InterContinental London and the receipt of a lower level of liquidated damages than in Q1 2004.

Asia Pacific

RevPAR grew 8.0%, driven by rate. Strong demand in China and Hong Kong was a major driver of the growth.

Operating profit increased 33% from \$12m to \$16m, underpinned by the performance of the InterContinental Hong Kong. Profits also grew at managed properties in the region, driven by continued strength in China, Australia and New Zealand.

System and pipeline size

System size increased to 535,200 rooms from 534,200 at 31 December 2004. Net room additions were 3,200, but 2,200 room exits from disposals without flag (400 rooms) and hotels permanently damaged by hurricanes in 2004 (1,800 rooms) reduced the reported increase to 1,000 rooms. 8,500 rooms were added, and 5,300 rooms removed. Key openings in the quarter included InterContinental Aphrodite Hills Resort in Cyprus, InterContinental Abu-Soma Resort in Egypt, Crowne Plaza Helsinki and Crowne Plaza Acapulco.

A high level of pipeline activity was maintained with 12,000 room signings leading to a record pipeline size of 85,300. 75% of pipeline rooms are in IHG's key markets of US, UK and China.

Revenue delivery to IHG's hotel owners

Room nights booked through IHG's reservation channels increased from 35% to 37%, and those booked via Priority Club Rewards from 28% to 29%. Bookings through the Internet have increased over the past year from 12% to 14%, and the proportion of those through IHG's own websites from 74% to 81%. Priority Club Rewards membership increased by over a million members in the quarter, and now stands at 24.8 million, the largest loyalty scheme in the hotel industry.

Asset sales

Good progress has been made, with 123 hotel disposals announced, including the \$34m sale of the Crowne Plaza United Nations announced yesterday morning. The UK estate disposal has been completed and £960m further cash proceeds received, taking to £1.8bn the proceeds received since separation.

Britvic

Operating profit increased 22% to £11m, as a result of management action to improve manufacturing efficiency and reduce costs. Net revenue increased 1% and branded volume 3%. The Ben Shaws acquisition has been integrated, with the Pennine Spring water brand rolled out through Britvic's distribution channels. This acquisition gives Britvic its own spring water brand in this fast growing market segment. The soft drinks market remains competitive, especially in carbonates, though Pepsi has maintained market share in this challenging sector. Britvic's J2O brand continued to gain market share over the last twelve months.

Current trading

While the first quarter delivered satisfactory trading, seasonally it is the smallest quarter. Although bookings are ahead of the same time last year, booking lead times remain short. The US, UK and Asia

continue to display strong demand, whereas the outlook for Continental Europe remains unpredictable with low visibility.

INTERCONTINENTAL HOTELS GROUP PLC
NOTES TO THE UNAUDITED QUARTERLY FINANCIAL STATEMENTS

1 Basis of preparation

For all periods up to and including the year ended 31 December 2004, InterContinental Hotels Group PLC ('IHG') prepared its financial statements in accordance with UK generally accepted accounting practice ('UK GAAP'). From 1 January 2005 IHG is required to prepare consolidated financial statements in accordance with International Financial Reporting Standards ('IFRS') as endorsed by the European Union ('EU'). Consequently, financial information for interim quarters of 2005 must be prepared on the basis of IFRS.

These interim financial statements have been prepared in accordance with IAS 34 'Interim Financial Reporting'. The unaudited financial statements for the quarter ended 31 March 2005 and the restatement of financial information for the year ended 31 December 2004 and the quarter ended 31 March 2004 have been prepared in accordance with IFRS expected to be endorsed by the EU and available for use by listed European companies at 31 December 2005 (with the exception of IAS 32 'Financial Instruments: Disclosure and Presentation' and IAS 39 'Financial Instruments: Recognition and Measurement' (as amended) for the 2004 information). These International Financial Reporting Standards, Standing Interpretations Committee ('SIC') and International Financial Reporting Interpretations Committee ('IFRIC') interpretations issued by the International Accounting Standards Boards ('IASB') are subject to ongoing review and possible amendment or interpretive guidance and are therefore still subject to change which may require further adjustments to this information before it is included in the 2005 Annual Report and Financial Statements.

In the information for the year ended 31 December 2004 and the interim quarters of 2004 financial assets and financial liabilities are accounted for on the basis of UK GAAP. The effect of adopting IAS 39 at 1 January 2005 is shown in the statement of changes in equity for 2005.

Details of the accounting policies applied in the quarter ended 31 March 2005 are set out in the International Financial Reporting Information in IHG's Annual Report 2004. The policies assume that the amendments to IAS 19 'Employee Benefits' published in December 2004 by the IASB, allowing actuarial gains and losses to be recognised in full through reserves, will be endorsed by the EU.

These interim financial statements are unaudited and do not constitute statutory accounts of the Group within the meaning of Section 240 of the Companies Act 1985. The Annual Report and Financial Statements for the year ended 31 December 2004 which contain an unqualified audit report have been filed with the Registrar of Companies.

Transition to International Financial Reporting Standards

An explanatory note setting out IHG's accounting policies under IFRS, the major differences between UK GAAP and IFRS for IHG, and reconciliations of UK GAAP to IFRS for the Income statement for the year ended 31 December 2004 and Balance sheets at 1 January 2004 and 31 December 2004 is included within the 2004 Annual Report and Financial Statements. In addition, the reconciliations for the 2004 interim period included in this report are set out below:

8 Tax

Tax on total profit before tax has been calculated using an estimated effective annual tax rate of 29%.

Excluding the effect of prior year items the effective tax rate on total profit before tax would be approximately 36%. Prior year items have been treated as relating wholly to continuing operations. In 2005, the gain on sale of assets includes a tax credit of £1m. In 2004, the tax credit on continuing operations included an exceptional tax credit of £24m.
